EDUCATION

Master's Degree in Computer Science

UFMG, Federal University of Minas Gerais

📅 Present

📍 Belo Horizonte, Brazil

- Graduate Program in Computer Science of the UFMG is one of Brazil's oldest and most well-established in Computer Science in the country: ppgcc.dcc.ufmg.br
- Research Areas: Natural Language Processing, Misinformation, Data Mining, Computational Social Science.
- Advisors: Professor Rodrygo L.T. Santos, Ph.D., Professor Fabrício Benevenuto, Ph.D.
- Expected Thesis Defense: Dec/2023

Bachelor's Degree in Computer Science

UFMG, Federal University of Minas Gerais

📅 Mar/2021

📍 Belo Horizonte, Brazil

- Comprehensive Computer Science coursework. Includes, but is not limited to, Algorithm Design, Machine Learning, Natural Language Processing, Quantum Computing, Compilers, Data Science, and Computer Networks. Acquired both research and software development experience.

EMPLOYMENT HISTORY

Summer@EPFL Research Fellow

Swiss Federal Institute of Technology Lausanne (EPFL)

📅 Jul 2022 – Sep 2022

📍 Lausanne, Switzerland

- Worked on developing a framework to audit online recommendation systems and conducting experiments with bots to account for personalization. Supervised by Prof. Robert West, Ph.D.

Teaching Assistant

Computer Science Department, UFMG

📅 Mar 2022 – Jul 2022

📍 Belo Horizonte, Brazil

- Responsible for overseeing 90+ students' semester projects and weekly activities for the Introduction to Data Science course at UFMG.

M.Sc. Researcher: Online Misinformation and Radicalization

Computer Science Department, UFMG

📅 2021 – Present

📍 Belo Horizonte, Brazil

- Fellowship | M.Sc. Scholarship funded by the Public Ministry of Minas Gerais
- Researching misinformation, hate speech, online radicalization, and content moderation. **Current project: misinformation detection in videos via audio transcripts using state-of-the-art large language models.**
- Advisors: Professor Rodrygo L.T. Santos, Ph.D., Professor Fabrício Benevenuto, Ph.D.

Undergraduate Research Assistant: Information Retrieval

Computer Science Department, UFMG

📅 Oct 2020 – Mar 2021

📍 Belo Horizonte, Brazil

- Fellowship | Scientific Initiation on Academic Research: Information Retrieval
 - Scholarship funded by the Brazilian Institute of Geography and Statistics (IBGE),
 - Developed an application to aid IBGE's analysts in their duties, such as calculating inflation based on products available online.
 - Advisor: Professor Rodrygo L.T. Santos, Ph.D.
-

Undergraduate Research Assistant: WhatsApp/Telegram monitoring and Fake News detection

Computer Science Department, UFMG

📅 Jan 2020 – Jan 2021

📍 Belo Horizonte, Brazil

- Fellowship | Scientific Initiation on Academic Research: Online Misinformation
- Scholarship funded by Public Ministry of Minas Gerais
- Developed monitoring applications for social media (WhatsApp, Telegram, and Instagram). Said applications were used for research purposes.
- Sentiment analysis for comparative sentences in Portuguese.
- Advisor: Professor Fabrício Benevenuto, Ph.D.

Undergraduate Research Assistant: Political Analysis using Complex Networks

Computer Science Department, UFMG

📅 Oct 2017 – Dec 2019

📍 Belo Horizonte, Brazil

- Fellowship (18 months) | Scientific Initiation on Academic Research
- Performed data analysis using complex networks, including state-of-the-art network backbone extraction techniques. Helped develop a method to analyze governance using voting session data from the US House of Representatives.
- Worked on an international project with researchers from Politecnico di Torino regarding Instagram data monitoring before and after the Italian and Brazilian elections.
- Advisor: Professor Jussara M. Almeida, Ph.D.

PROGRAMMING SKILLS

Python
